SCHOOL PROFILE

Don Mills Collegiate Institute is located in the North York section of Toronto. The school offers the unique CyberARTS program, an arts and technology program that enables students to specialize in particular areas such as computer technology and communication media. It also offers a co-operative program which enables students to develop skills and work habits, whether a student wants to secure a job, apprenticeship, or post-secondary education. It is also proud to be a Gold-level ECO School for the past 5+ years, and offers ESL support to students with all levels of English.

FACILITIES

The school's facilities illustrate its commitment to providing a cutting-edge education for students. These include library learning commons, modern science laboratories, and state-of-the-art computer labs.

SPORTS AND ARTS

The school's sports offerings are diverse, including mainstream sports like baseball, basketball, and soccer, as well as more niche sports like badminton and rugby. There are plenty of opportunities for students to pursue their artistic passions. From Concert Band to the Northern Lights Show Choir, there's something for every student to become a part of.

AWARDS AND ACCOMPLISHMENTS

Don Mills has had historically strong science and math programs. The school has often been represented at global competitions, including the International Math Olympiad, the International Physics Olympiad, and the DECA International Career Development Conference, as well as local competitions at the University of Waterloo and the Canada Chemistry Olympiad.
