SCHOOL PROFILE

The oldest public high school in Ontario, Jarvis has a long-standing reputation of academic excellence. As a Science, Technology, Engineering and Mathematics (STEM) school, the students in its classrooms are engaged in project-based learning, as well as an inquiry method of teaching and learning, which allows students to take part in both independent and collaborative studies.

The school prides itself on its distinguished reputation of academic excellence, and aims to prepare the next generation of community and world leaders. And with Advanced Placement (AP) and Pre-Advanced Placement classes, students in grades 9-12 have access to an enriched curriculum recognized by the College Board.

FACILITIES

The historic building was constructed in 1924, and features an array of classrooms, a gymnasium, and an expansive library.

SPORTS AND ARTS

Jarvis Collegiate Institute students have the ability to participate in a number of different sports. While there are a number of mainstream sports like baseball, basketball, and soccer, unique offerings include archery, badminton, and cricket.

The school encourages students to try a number of artistic opportunities. Some unique offerings include drumming, ceramics/pottery, and guitar.

AWARDS AND ACCOMPLISHMENTS

The school has an exceptional group of famous alumni, who have gone on to make names for themselves in areas such as sport, politics, and the arts. One recent graduate is actor Stephan James, who won the 2016 Canadian Screen Award for Best Performance by an Actor in a Leading Role for his performance as Jesse Owens in the film *Race*.
