### SCHOOL PROFILE

Victoria Park Collegiate Institute is committed to providing students with fantastic opportunities for education in and out of the classroom. The school offers the prestigious and challenging International Baccalaureate Diploma, the first school in Ontario to do so, as well as a host of extracurricular activities, sports teams, and arts disciplines. It also provides ESL support to students with all levels of English.

### FACILITIES

Built in 1960, the school was recently renovated in 2017 — the improvements included a completely remodelled gymnasium. Victoria Park also has a state-of-the-art library, fitness center, as well as tennis courts, athletic fields, and an indoor pool.

### SPORTS AND ARTS

There are a number of coed sports for both boys and girls to join, including curling, rugby, soccer, and water polo. Students have had great success in OFSAA athletic competition in sports like track and field and golf.

The arts department at Victoria Park encourages students to develop their creative passions through studies in areas like music, design, and drama. There are competitive opportunities for students as well — in 2018, the school's wind ensemble won gold at the provincial competition, while the chamber choir was invited to the national competition.

### AWARDS AND ACCOMPLISHMENTS

Graduates with Victoria Park's International Baccalaureate Diploma consistently score in the top 10% worldwide — some even score in the top 5%.
