SCHOOL PROFILE

Lake Ridge has a rich history of educating students since 1963. Classes can take place anywhere on the 93 acre campus where students are encouraged to take a hands-on approach to the learning and lead in-class discussions. They also offer international high school students support with course flexibility, and ESL instruction.

FACILITIES

Lake Ridge offers a wide range of resources and study facilities on campus. In the Kemper Science and Engineering building, students can use many advanced tools such as engine lathes, CNC machines and more. The campus also has a Center for Fine Arts, a technology resource center, foreign language classrooms, a TV/video broadcast editing room, a greenhouse and their very own beehive!

SPORTS AND ARTS

International students are welcome to join any one of the Academy's no cut sports teams, meaning all students are welcome to play regardless of their level, even beginners are welcome! They offer a range of competitive teams from Golf to Basketball. Known for their performing arts program, Lake Ridge students will be able to work with professional actors as well as direct and perform in plays. Students who are looking for additional fine arts courses and opportunities are welcome to audition to join Lake Ridge's School of Fine Arts Program.
